

QAT AEROSOL RANGE

PRODUCT DATA SHEET

Complete Range of Automotive and Industrial Aerosol Products

Use - Selection of quality Aerosol products ideal for Automotive use.

PRODUCT INFORMATION

Austech Chemicals offer a selection of quality user friendly aerosol products designed to meet the needs of retail, automotive and industrial applications.

Q Carby Cleaner - Versatile Carbon & Sludge Remover

QAT Brand Carby Cleaner is the perfect cleaner for all types of carburetors. Its powerful cleaning formula removes residual build ups and deposits and ensures a cleaner running engine.

- Improves Performance & Fuel Economy.
- Reduces Carbon Deposits & Build up.
- Cleans Injection Plates.
- Cleans Throttle Body.
- Cleans Carburetor.
- Cleans Manifold.

Part Number: Q/AC50/400G (Carton of 12)

Q Brake Cleaner - Heavy Duty Cleaner for Disk and Drum Brakes

QAT Brake Cleaner is the perfect cleaner for all types of brakes. Its powerful cleaning formula removes road grime, oils and grease and ensures smoother and longer lasting brakes.

- Cleans Road Grime, oil, brake dust and grease.
- Penetrates into moving parts & dissolves wear causing grime.
- Cleans Calipers, pistons & friction surfaces.
- Will not damage brake Lines and Hoses.
- Ensures Longer Lasting Brake Life.

Part Number: Q/AC51/400G (Carton of 12)

Q Silicone Spray - Multi Purpose Silicone Spray

QAT Silicone Spray is a multi use product for protecting surfaces, rubber moldings, plastic railings, strips and seals. It prevents brittleness and promotes smooth, noise free operation of locks, hinges and sliding components. Prevents moisture build up in ignition systems and electrical contacts. Shines and protects dashboards and tyres. It has hundreds of other uses.

- Lubricates
- Protects
- Shines
- Preserves

Part Number: Q/AC52/300G (Carton of 12)

Complete Range of Automotive and Industrial Aerosol Products

Q Chain Lube - Lubricates chains and cables, protects against wear.

QAT Chain Lube is specifically formulated for advanced lubrication and protection properties. Ideal on motor bike chains and other applications where long lasting protection against wear are needed. Also contains an advanced water and rust corrosion protectant.

- Long lasting lubrication, specially formulated for motorcycles.
- Protects moving parts and linkages against wear.
- Penetrates linkages and rollers.
- For use with all chain types.
- Ideal for rust and corrosion protection.
- Water Resistant.

Part Number: Q/AC53/400G (Carton of 12)

Q Air Intake & Upper Engine Cleaner

QAT Air Intake & Upper engine cleaner is 100% active unique blend of solvents, detergents and dispersants designed to remove gum, varnish and carbon deposits from air intake and combustion areas. It helps improve idling and economy. Also reduces exhaust emissions without the need to dismantle and clean the fuel system.

- Extra concentrated high performance formula.
- Improves fuel efficiency.
- Excellent at removing gum, varnish and carbon.
- Improves engine idle.
- Reduces exhaust emissions.

Part Number: Q/AC54/150G (Carton of 12)

Lubex Spray - Durable Multi Purpose Lubricating Spray

QAT Brand Lubex is the complete product where quality is important. Latest rust and corrosion control and lubricating technology is employed in this superior product. A versatile, safe, spray lubricant that really works. Designed for industrial and domestic applications. Contains no silicones or hazardous ingredients. Does not wash off with water and gives excellent corrosion protection to metal surfaces.

- Repels Moisture.
- Inhibits Corrosion
- Lubricates
- Penetrates

Part Number: Q/AC75/400G (Carton of 12)
