

AC-22 PREMIUM PETROL FUEL ADDITIVE

AC-22 is a Specially Formulated Fuel System Treatment for Petrol Engines

Lubricates Components, Cleans Injectors, Prevents Biological Growth and Prevents Blockages

PRODUCT INFORMATION

AC-22 is an Extremely Effective Fuel Injector Cleaner for Petrol Engines, Containing Alcohols, Solvents, Lubricants and Corrosion Inhibitors.

AC-22 Removes Deposits on Injector Tips, Correcting the Spray Profile which Increases Power and Fuel Economy.

Selected Additives Remove Moisture Prevent the Growth of Harmful Organic and Non-Organic Matter in Fuel Tanks and Lines.

BENEFITS

Reduces Stalling	Smooth Idle
Increased Performance	Even Engine Acceleration
Improves Throttle Response	Restores Emissions Performance
Restores Power	Restores Fuel Economy

APPLICATIONS

AC-22 Should Only be Used to Treat Petrol Fuel Injection Systems or Carbureted Petrol Engines.

DIRECTIONS FOR USE

Application	AC-22 Dose
Initial Treatment	150ml AC-22 per 60L Petrol
Repeat Treatment	50ml AC-22 per 60L Petrol

Note: Add AC-22 to Fuel Tank Before Filling Tank with Petrol for Thorough Blending

TYPICAL PROPERTIES

Appearance:	Blue Liquid
Specific Gravity:	0.81
Odour:	Solvent Odour
Flammable:	Flammable
DG Class:	Class 3 – Flammable Liquid
Hazardous:	Yes
Solubility:	Not soluble in water
Flash Point	12°C

PRODUCT CODES / QUANTITIES

Available AC-22	Pack Size	Pack	Quantity
A/AC22/350	350ml	Bottle	Carton (12)
A/AC22/5	5L	Bottle	Carton (4)
A/AC22/20	20L	Cube	
A/AC22/200	200L	Drum	
A/AC22/1000	1000L	IBC
