

AC-67 PREP SOLVENT

AC-67 Highly Effective Solvent for Pre-Painting of Vehicle Duco

Removes Pre-Delivery Wax, Internal Glue Residues and Excess Anti-Corrosion Treatment

PRODUCT INFORMATION

AC-67 Prep Solvent is a Cleaning Solvent Specifically Designed for Initial Surface Preparation Before Painting in Automotive Applications

BENEFITS

- Removes Oil, Wax, Grease, Polymers and Silicones
- Leaves No Residue - Surfaces are Dry & Ready to Paint
- No Aromatic Hydrocarbon Ingredients - Low Toxicity
- Will not Dull or Mark Finished Surfaces - Will Not Affect Duco of Any Type
- Excellent for the Removal of Protective Wax and Glue Residues on New Vehicles.

DIRECTIONS

Surface Preparation

1. Clean Surfaces with Mild Detergent and Water
2. Soak a Clean Cloth with AC-67
3. Wipe Surface to Lift Contaminants
4. Follow Immediately by Wiping Thoroughly with a Dry Cloth

For Hard to Use Contaminants

- Do Not Allow AC-67 to Dry Before Removing from Surfaces
- Reapply & Allow to Soak for a few Minutes Without Drying
- Clean Hard to Remove Grime with a Mild Detergent Before AC-67
- Use a Clean Cloth for Applying & Wiping AC-67

TYPICAL PROPERTIES

Appearance:	Blue Liquid
Specific Gravity:	0.84 – 0.88 kg/L
Odour:	Hydro Carbon
Flammable:	Flammable
Flash Point:	<0°C
Boiling Point:	Typical 30°C – 200°C
Solubility:	Immiscible with Water
DG Class:	Class 3 Flammable Liquid (Packaging Group II)
Hazardous:	Yes
