

AC-99 KEROSENE

High Grade Clear Kerosene

Effective for Heating, Lighting or as a Degreaser or Surface Cleaner

PRODUCT INFORMATION

AC-99 is a High-Grade Kerosene used in Several Industry Applications, Including Heating, Lighting and Refrigeration.

AC-99 is Easy to Light, Burns Steadily and is Free of Objectionable Odours due to a Lower Aromatic Content than other Solvents.

AC-99 Contains a Mixture of Aromatic, Paraffin and Naphthenic Hydrocarbon Solvent, Providing a low Cost and Effective Degreasing Product. It Effectively Cleans Grease, Oils, and Many Other Organic Compounds.

AC-99 can be Included in Formulations where Controlled Evaporation is Required and is Miscible in Organic Solvents.

TYPICAL USES

Heater & Lamp Fuel	Fire Starter
Blow Lamp Fuel	Surface Cleaner
Engine Degreaser	Oil & Wax Remover

TYPICAL PROPERTIES

Appearance:	Colourless Clear Liquid
Odour:	Aromatic
Solubility:	Not Miscible with Water
Flammable:	Flammable
DG Class:	Class 3 Flammable (Packing Group III)
Hazardous:	Yes
Flash Point	38°C (Abel)
